

DEFENSE INFORMATION TECHNOLOGY CONTRACTING ORGANIZATION PACIFIC (DITCO-PAC)

Mr. Keith K. Nakasone
Deputy Chief, DITCO-PAC
(808) 473-2514 x237
nakasonk@pharbor.disa.mil

DISA Mission

- **The Defense Information Systems Agency is a combat support agency responsible for planning, engineering, acquiring, fielding, and supporting Global Net-Centric Solutions and operating the Defense Information System Network to serve the needs of the President, Vice President, the Secretary of Defense, and the other DoD Components, under all conditions of peace and war.**

DITCO-PAC Mission

The Defense Information Technology Contracting Organization-Pacific, as the acquisition arm of DISA,

- Provides contracting support to Combatant Commanders and federal agencies in the Pacific theater for acquisition of telecommunications and IT services.
- Oversees the primary contract for long-haul communications for the GIG in the Pacific Command and Southern Command theaters; and the primary switched voice/data contract for all of DoD in the State of Hawaii.
- Provides billing, tariff, invoicing and payment support to Pacific customers and contractors.

- More than 50% of earth's surface
- Approx. 105 million square miles
- Traverses 16 time zones
- Nearly 60% of world's population
- 43 countries
- 20 territories and possessions
- 10 US territories
- World's 6 largest armed forces
- 5 of 7 US mutual defense treaties
- 35% of US trade (>\$548B in '98)
- 34% of Gross World Product

DITCO-PAC

- **We are DISA's information technology acquisition organization focused on customer service by providing:**
 - **Acquisition strategies and guidance**
 - **Contracting**
 - **Financial management services**

We enable DISA's mission to support the warfighter and other customers under all conditions of peace and war.

What makes DITCO different?

- **Telecommunication Specialists (long-haul and telephone communications, metropolitan area networks)**
 - **Including Contracting Officers**
 - **IT Specialists**
 - **1996 Telecommunications Act**
 - **Tariffs, Foreign Currency**

 - **FAA**
 - **NSA**
 - **WHCA**

How DISA Acquires Services

- **Use of Large DISN Contracts**
 - **Global in nature**
 - **Specializing in Telecommunications and IT.**
- **IDIQ Contracts**
- **Basic Agreements**
- **Traditional Contracting Methods**

Contract Services

- **Leases for “comm pipes”--satellites, undersea cable**
- **28,000+ telephone lines for DoD users located throughout the State of Hawaii**
- **Shipline telecom services for home port, transient and foreign vessels within Pearl Harbor**
- **Network management and electronic ordering for all switched and dedicated services including customer premise equipment**
- **Outside plant and fiber optic cable installation and maintenance services for Oahu military installations**
- **Installation of communications infrastructure in Japan and Korea**
- **Communications planning support for military exercises**

Successes

- **DISA exceeded its Small Business Goals and received a “B+” from the DoD.**
- **Significant Small Business Contract Awards:**
 - **DISN Satellite Transmission Services – Global (DSTS-G)**
 - **Akimeka**

DCA300-97-D-0002

Hawaii Information Transfer Service (HITS)

- **VENDOR:** AT&T Corp.
- **CEILING:** none
- **STRUCTURE:** five year base with two two-year and one one-year options (total 10 years)
- **PERIOD OF PERFORMANCE:** Base years 20 Feb 97-19 Feb 2005
- **TYPE:** IDIQ FFP
- **SCOPE/TASK AREAS:** Provides intra-Hawaii end-to-end telecommunications services for all DoD users and authorized agencies. Services include switched voice and data, voice conferencing, ISDN, dedicated transmission services, cable plant and cable, customer premise equipment.
- **SOUND BITES:** Open to all Federal users. Provides services right down to the desktop/handset. Robust network with diverse routing, redundant switches and strong network management under DISA oversight. Over 27,000 users on 60 military installations use HITS for their telephone and network services.
- DISA-PAC/DITCO-PAC are working on a follow-on contract

DCA200-00-D-5000

DISN Transmission System--Pacific (DTS-P)

- **VENDOR:** MCI Worldcom
- **CEILING:** NTE \$4 billion over ten year period with 1/2 maximum reserved for crises and contingency operations
- **STRUCTURE:** five year base with five one-year options
- **PERIOD OF PERFORMANCE:** Base years 26 Oct 99-25 Oct 04
- **TYPE:** IDIQ FFP
- **SCOPE/TASK AREAS:** Provides support for DISA's transmission service requirements for the expanded Pacific region (including CONUS to Pacific), Alaska and USSOUTHCOM AOR. Able to provide any data rate (below 64 KBPs to above OC-3) to any covered location on a case-by-case basis. Also provides intra-theater leases for any country within defined regions.
- **SOUND BITES:** MCI resources include satellite, undersea cable, fiber, and network management interfaces to DISA. "One stop shopping" with MCI handling all foreign carrier/LEC coordination. All leased circuits become part of the managed DISN.

Most responsive provisioning tool in the inventory

DCA300-02-D-0001

Leased Interfacility National Airspace Communications System (LINCS) Hawaii Bridge

- **VENDOR:** Verizon Hawaii, Inc.
- **CEILING:** None
- **STRUCTURE:** One year base w/four 6-month options (total 4 years)
- **PERIOD OF PERFORMANCE:** Base year 1 Jan 02 – 31 Dec 04
- **TYPE:** IDIQ FFP
- **SCOPE/TASK AREAS:** Provides critical, real time telecom services for the FAA's management and operation of U.S. and international air traffic control throughout the Hawaiian Islands and greater Western Pacific Region. LINCS Hawaii is a leased telecom system consisting of dedicated primary and diverse T-1s interconnecting Timeplex LINK/2 nodal equipment located in FAA air traffic control towers throughout the State of Hawaii. Contract includes 24 x 7 system monitoring and control, administration, operations, maintenance and repair services.
- **SOUND BITES:** Bridge contract awarded for transition to FTI. Estimated \$6.6M contract.

DCA300-02-D-0002

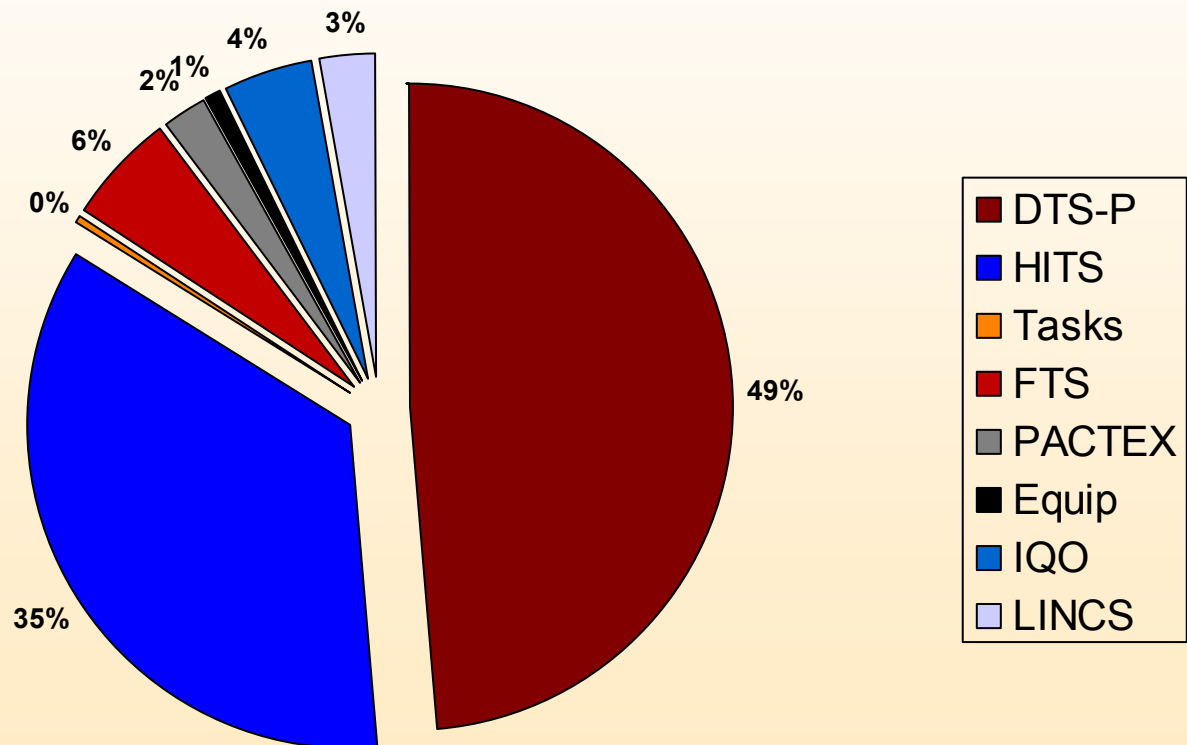

Pacific Theater Exercises (PACTEX) II

- **VENDOR:** Getronics Government Solutions, Inc.
- **CEILING:** NTE 29M (seven (7) yrs)
- **STRUCTURE:** Two base years with five one-year options
- **PERIOD OF PERFORMANCE:** 31 Jan 02 – 30 Jan 09 (incl option yrs)
- **TYPE:** IDIQ FFP
- **SCOPE/TASK AREAS:** Provides services to plan, design, and operate telecommunications networks and provides the communications equipment to interconnect sites for military exercises throughout the Pacific. Connects operational and training sites in the Pacific to any location in the world.
- **SOUND BITES:** Open to all Federal users. Exercises supported include ULCHI FOCUS LENS (UFL), YAMA SAKURA (YS), RECEPTION STAGING ONWARD MOVEMENT AND INTEGRATION (RSOI), WARPATH, WARFIGHTER, WARSTRIKE, and GIWON-HADA. Extremely flexible, customer-oriented contract. Number one goal is operational success. Contractors possess security clearances. Tasks can cover short periods of time (typically one month) to one year.
